Works Progress Administration Project #10538 #13738

#### EXPLANATORY NOTE

The following material has been copied and proofread at the source, and the typing compared with the copy, in an attempt to insure the utmost in accuracy. The original manuscripts have been followed literally as to spelling, and have otherwise been exactly reproduced within the mechanical limitations imposed by the typewriter.

The arbitrary sign # has been employed to indicate two things:

- 1. Characters found in the originals which have no equivalents on the typewriter;
- 2. The terminations st, nd, rd, and th (as in lst, 3rd, 5th, etc) when these terminations are not clear in the originals.
